

# Language and Society (CL2.203)

Monsoon 2021, IIIT Hyderabad  
08 November, Monday (Lecture 19)

Taught by Prof. Dipti Misra Sharma

## Language and Education

Bernstein defined two varieties of a language, called the elaborated code and the restricted code.

The elaborated code uses standard grammatical syntax, complex sentences, prepositions, and a wide range of vocabulary. The restricted code uses short, simple and/or unfinished sentences, a few conjunctions, and confounds reasons and conclusions.
